ACT - 25 Millennium

Then...
same time...

Heli!
All humans
are the
same...

Is there
a reward?

Then...
you can first...

Listen to my story...

Eleven years
ago,
I met
Dannyy

*I entrust
Mikael
to you...
take care of
her...*

Hey,
this...

That was
how we
first met.

After
Denny and I
returned
to the village,
there was
a big
commotion.

The Demon King
that returns
every thousand
years, is once
again about to
return...

Then where
is the
"Sword of
Heaven"?

This girl is someone
who can wield the
"Sword of Heaven"
...
to defeat the Demon
...

Ask this
young lady

We'll have to select the "love" immediately...

Michael is the agent of the devil...!

Demon

Not long after, the changes quickly began...

Even so,
Denny he always
tried to protect
his...

All the towns
people
thought that
I'm the demon
and segregated
me, tormented
me...

All except
Harry...

They all agreed
that the "Secret
of Heaven"
must be made

Slowly, the
villagers took
up an interest
in my back...

Harry!
Hock it
down!

And...
More and more people
heard about
the legend
and came

But they
were all
dis-
appointed

Some
wanted to
cut it down
and kill it

When the King of
Demons is about to
come, all the villagers
decided that I
have to be tied
here....

and defeat
the Demon
King

because this
is my
responsibility,
my mission,
my duty..

...

ノック

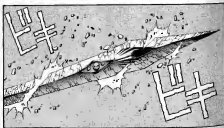

This is
the last
time!

To be
murdered's
stupid...

perhaps...

We'll have to
select the "lame"
transcendently.

How does it
feel to be
"lost"?

You can try
praying...

Will she
come
back?

Not too bad...
It's just...

Because...
she is an
"Angel"!

**ACT-26 BARD
THE FIRST PART**

He's the
legendary

well...

Oh!

Who's Bolt?
Never heard
of...

man who
cuts all kinds
of screws, nuts,
and bolts...
and guns appear
out of his hand...

You really think
someone would
still wear a heavy
coat in such hot weather?

You're so
stupid...!

7th

Ally...

The song is nice, but...

How is it?
The story of
Bob Metfield

But, that man
who eats bolts...
Does he really
exist?

That's
right enter-
tainment!

I don't
strip at
day...

Everything I
say and used
are real...

Hey...

!!!

Heh, I want to
see that guy who
eats only screw
and bolts!

All the adults are
being controlled
by "Hush"!

Even the
police are
powerless!

Lately, there's
a car that's around
 alot...

Maybe it's the
poisoner!

It's like a poison.....

And after you take it away,
dad would buy it again
from who knows where...

The supplier is
.....
the Lyphne
corporation!!

who the
secret
supplier is...

We must
first find
out...

Really?

But I'm
poor now!

Sorry to
make you
the host!

That's
it!

Now
I'm
sad!

They earned
these
money!

These
money
need to be
given back to
the women!

I know!

You
believe
what I'm
saying?

"Character" has more personality, makes us independent...

A pity I
don't have
any!

He has
too much
character!

I can't
convince
him...

Lawson,
he won't
believe me...

You can just
let yourself
become someone
with more
character...

I really want
to...
be like him...

Let
I still
have work!

It can't be
done...
I'm already...

You should
get a good
dream...

This is a
new type
of "Hashi"

Right on
time!

Please
don't bother
her!

Stop

—II

I'm bringing
you to Lyphos

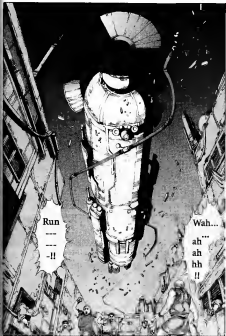

The CEO
is looking
for you!

"chew"

No...
Don't!!

"Gulp"

Run

-!!

Wah...

ah^{....}

ah

ACT-27 BARD

THE LATTER PART

The truth
is...

...how
funny...
ironic...

the one that is
secretly selling
"Hishi" is
Ally...

Don't say
anything

Lawchan

There's no
need to say
anything...

Papa

.....

Using a fake

NAME.....

You shouldn't
have.....

Oh...

LET
GO OF
ME!!

Even looking out
information that the
supplier of "Hachi"

.....
is our company...

Let me
go...

there's no
one else...!

To be able
to do this

...
other than my
own daughter...

What's the big
deal?
This is good
business...

Lorenson,
don't listen
to him!

Precident...

All this...

"Hushi" is
something
that makes
people lose
their senses
!

That has
nothing to
do with my
business!

"Hush's" creator

.....

Cilia
Lyphue

...

What are you
saying...

You started
all this...

I... never thought
it would turn into
something so
horrible!

NO!!

I only wanted
to make a
machine that can
"create dreams"

Now, I'm ready
for mass
production,
ready for
the world
market...

Your failed
creation.....
is my life's
greatest achievement

Do you have it?
Your latest version
of a stronger "Hush"?

But I'll
need stronger
"Hush"...

This is it...

Just what
I wanted
!

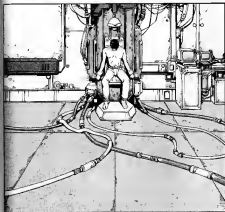

You don't need to
worry.....
I'm not gonna be
the one to use it!

That isn't finished!
Its negative side effects
may be even stronger
than before!!

Am I.....
not worthy
of your trust?

Cilia
!!

Weren't you...
right from the
start...

going to
give people
...
dreams?

Ally

a very
beautiful
dream...

Yes...
I dreamed

Chapter 1

his
story

...

ACT-28 Soul Eater

The first
case was
three days
ago...

that guy
survived by
eating the
meat of
others...

there's already
over ten victims

the perpetrator
lives in the barrens
to the west, so
it is not easy
to find him...

Therefore we
need the help
of all the
experts here!

Don't make a
glam face!

After I take care
of that guy, half
of the reward is
yours!

Soul
eaters
—

This stuff..

has the power
to kill soul
eaters!

are ones
without
any good
intentions...

Those that
survives by
eating other's
souls...

Bobt...
Bobt Creek...

You?

I'm Morgan...
I know a bit
about the guy we
are hunting...

He's
HERE...
mixed within
the explorers
...

That guy
looks just
like a normal
human...
and he's
not in the
West barrens...

You only need to
observe carefully...
and you'll see that
the things he eat
are not normal...

And explorers
are all far
fame and fortune...
should be delicious

That guy
likes the souls
of people with
dreams of
success....

chew-

someone
eating such
shabby
food..

This...
is the first
time...
to see...

Don't be
mistaken
..

I just like
to eat things
with more
flavor...

Fat...
My father
still ate her
meat...

Mom...

My beautiful
and gentle
mother...

but,
I slowly
understood
that...

Originally,
I hated my
father
...

My
father...
really did love
mother...

I.....
really
like the
humans
...

It's just that...
coexistence is
impossible
.....

Sss...

but I'm tired...
of this existence

Good
Bye

...

You said
that half of
the reward
is mine...

Just a
typical
explorer...

Who are
you
really?

You....
are not a
typical explorer...

Go
together?

Wanna eat some
normal food
for a change?

Hey..

*My eating habits
just doesn't
go very well
with others...*

ACT-29 EBON
Flying
Dragon

The LiGar Association wants to capture "Ebon"

Starting from the village, Two hours by horsecraft... there's a place called the "Valley of Dragons"...

A taste that brings back memories...

They called a lot of explorers from the North Area...

"Ebon" is our guardian dragon, we can't let those unblokes succeed!

Hurry and go stop them!

This monster
is five-capousing
dragon!

to open a
roof

Is your commerce
association
planning...

There're
at least
five!

Very
valuable

Soup made with
the bone of
dragons is the
elixir of eternal
youth...

When it's
time, let
me have a
drink too

Especially...
the bone of THAT
legendary flying
dragon....

Very
tempting

I was
late...

What're you
doing?

He's the
main character
in the legends...

"Gulp"

So that's
it...

Sofiya...

let me introduce
this man...

Before the legend is
confirmed, I'll need
him to be passive
like a rabbit...

Bob Crank, the
witness the Ebon
Dragon myths
can't do without

Dragons...

they were once
tamed by a
man named Roper

He left the
sword to his
successor...

So dragons now
listen to whoever
holds the
Roper Sword...

And in the
legend, the last
one who got
the sword...

When
Roper was
very old...

Tora!

in
Bob Crank...

Ending the
legends!

Else...
I'll let
you down
the stage...

hehehe...
Hand over the
sword if you know
what's good for you!

I have a
high opinion
of him...

Let me!

You were
only using
the legend

to con
people's
money...

Maybe the
stories are
false...

The
inheritor
of the sword
should be a
little girl...

Right...

It's said that her goal
is to be an explorer
like her grandfather.

Oh,

I forgot...

Just a girl,
her delicate
self...

...isn't fit to
become an
explorer
...

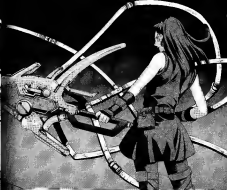

The story
of the legend...
is not finished...

After Ram grew
up to be an
explorer...

she specializes in
beating the badmen
who want to hunt
the dragons!

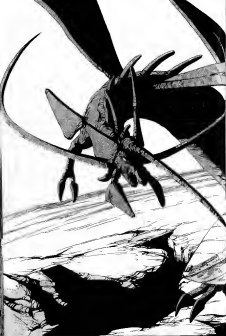

EBON

!!

You'd only
become
food!

Retreat!
Hurry!!

Turn
Back
!!!

I only wanted
to scare them
a little...
never thought
that such a cheap
plan...

would require
Your power...

A very
beautiful
kick....

I can still
see through
you on that
...

You let me tied
you up on purpose,
right...

You didn't
know I
infiltrated
First?

I already
said that...

I was tracked...
....

Oh.....

The
spies
didn't tell
you?

VOL.8

Epilogue

The Eighth Volume is published, time really flies (like an arrow).

Even though Bolt Comic took me three years to create, these three years is perhaps only a blink to Bolt.

Oh, Bolt, Just How Old Are You?

VOL.9

"BIG GENERATOR"

The next volume
will be composed
of long stories as
planned. I will
continue to work hard.
